ABOUT ME

I'm a Communication Design student at NIFT Hyderabad, building my skills in UI/UX and visual design. I enjoy observing how people interact with everyday experiences and using research, experimentation, and feedback to develop thoughtful design solutions. I'm curious, adaptable, and always open to learning new tools, processes, and perspectives that help me grow as a designer.

PROJECTS

- **SAVR - Food Decision Assistant | UI/UX DESIGN**
  Researched food-choice fatigue and designed an intuitive decision-support experience from insights to interactive prototype.
- **Aurangabad Tourism Website | UI/UX DESIGN**
  Designed a tourism website with intuitive navigation and accessible destination discovery.
- **Mritika | Brand Identity & Packaging**
  Designed a logo, visual identity and packaging for a conceptual handcrafted pottery brand.
- **Yemmiganur Craft Cluster | Research & Field Study**
  Conducted fieldwork and artisan interviews to study weaving traditions, supported by research and visual documentation.
- **Student Magazine | Editorial Design**
  Led visual direction, editorial layouts and design coordination as Managing Editor.
